Month 1 Practice Workbook

Practice Foundations — a printable companion to the first 30 daily sessions

DRAFT — pending independent educational review. This workbook is an authored draft matching the in-app Month 1 curriculum and is not yet approved for publication or sale.

How to use this workbook

Each day below corresponds to that day's lesson in the CogniSprint app. Complete the digital session first, then use this page to tick the day off, write one honest reflection line, and note anything you want to remember for the weekly review. Keep entries short — a few words is enough.

Your Month 2 target

On Day 29 you're asked to set one specific, measurable target for Month 2 based on four weeks of real practice data. Write it here so it's easy to find again.

Skill or habit I'll focus extra attention on:

How I'll know it worked (be specific):
